Assoc. Member of SDC (Stage Directors and Choreographers Society) and Member of SAFD (Society of American Fight Directors)

OBJECTIVE

I seek to expand my body of directorial work by working with producers of all sizes and financial backing, with a focus on creating a meaningful experience for the audience, cast and staff of each production. I have a diverse background of theatrical experience including directing, producing, stage management, performance as an actor and musician, as well as technical advisor. I am also an advanced puppet manipulator, instructor, designer and builder. I have a direct and collaborative style, strong stage presence, and am trained in physical comedy and stage combat. I am known for my ability to create work that remains relevant and important for my audiences, casts and staff long after a production is complete.
